

## Nylon Leveling Mounts

metric with bolts

- Nylon base is water and corrosion resistant
- 15 degree swivel in any direction to keep machine tools, racks, assembly lines, and other equipment level
- Lag holes
- Inch and metric sizes available
- Steel and stainless steel components available
- Jam nut included
- Patent pending (Polymount)

## Industrial Glides

- Steel with nickel plated finish
- Nylon base pad provides non-abrasive surface
- Excellent for leveling light duty machines, cabinets, and office furniture
- Economical leveling solution
